of democracy, such as can no doubt be tolerat, and ought to by joierated, while a prophynatorally fit for free governinglat are learning to use their freedome, but the most people of Egypt, we for the prophe of Egypt, and the prophe of the lappy go-lucky ways of the former specific. But this disconates with what they ugard as the irkome thirds and method of European administration is not enough to make, them fit for true self-givernment. Such siel, Selvernment they would find far more irkinosal than British rule. In order to avoid it they would, till the revolution point of missry had been reached, tolerate a return seen to the squalls horror of the Immal regime. And, unfortunately for Egypt, it is doubtful whether the country had been, sompletely ruised, for by nature the Egyptian are the most timil and submissive of men. Serious insurrection in Egypt Egyista any power, however oppressive, is almost untilinicable. It is trise that the revoit of Arabi took place; but that was only because Arabi and his soldiers were supaid. Bud they received their pay, the Egyptian popple would never have moved, now would Arabi have been a partial. But though the Egyptian is absolutely submired to the law will not be invoked to crush comprisers, and if he also is imported with the notion, first, that his existing governors are likely to be worried into absolutely submired to the law will not be invoked to crush comprisers, and if he also is imported with the notion, first, that his existing governors are likely to be worried into absolutely are to a second prophetical states of governing, and secondly, that, when this is accomplished the boreast whom he has a fasterial and traditional dread—that is, the old Pashs or Turkish class—he will be quick to throw lineals at the feet of those who he imagines are destined to rule over him in
